I have a 2011 volvo, D13 engine, I-Shift, and while pulling the trailer uphill, I keep getting the Stop Engine Fault message. Everytime I pull over, I stop the engine, pop the hood and I can see the coolant boiling but the water temperature gauge doesn't go over 200degrees.

2011 Volvo D13 STOP engine fault | The Truckers Forum

If it's new style with separate injector harness then i don't know if the injector and sensor diagram is someway available (that 2018+ schematic pack for VN from volvo site now has very limited info about D13 wiring) so i would just swap that faulting two with other two and check if the codes follows the injectors or not.
